

Hariharan S J

Frontend Engineer +91 8838261076 · hariharanit302@gmail.com · LinkedIn · GitHub · Dev.to

EXECUTIVE SUMMARY

Frontend-focused Engineer skilled in HTML5, CSS3, JavaScript, Java, with working knowledge of React and Python. Java brings strong object-oriented programming foundations — covering core concepts such as Classes & Objects, Inheritance, Polymorphism, Encapsulation, and Abstraction — enabling well-structured and maintainable code. Experienced in developing responsive web applications, integrating APIs, and building clean, user-friendly interfaces. Strong interest in modern web development, problem-solving, and continuous learning.

TECHNICAL SKILLS

Core Skills HTML5, CSS3, JavaScript, React, JS

Tools Visual Studio Code, Git, GitHub

Programming Languages Python (Fundamentals), Java (Upto OOPS Concepts)

OS Windows, Linux

Concepts Responsive Design, DOM Manipulation, API Integration, UI/UX Principles

PROJECTS

To Do Application

- I built a To-Do Application that lets users manage tasks through CRUD operations (create, read, update, delete), with features like task completion tracking and a responsive user interface.

AI Powered Intelligent E-Mail and Support Ticket System

- Developed a smart system for automatically categorizing and prioritizing emails and support tickets.
- Reduced manual effort through automation-based workflow concepts.
- Covered most of the Frontend parts, building the user interface with HTML, CSS, and JavaScript to create a clean and interactive experience for managing tickets and email workflows.

Weather Application

- Built a weather application using API integration to display real-time weather information dynamically.

CERTIFICATIONS

- IoT and Robotics — VEI Technologies
- Machine Learning — VEI Technologies

ACHIEVEMENTS

- Presented an IoT-based paper in a technical symposium and gained exposure to technical research and communication.
- Selected to participate in an international conference for showcasing academic project work.

EDUCATION

B.Tech in Information Technology

Mailam Engineering College · CGPA: 8.07

2022 – 2026

Diploma in Mechanical Engineering

Swamy Abedhanandha Polytechnic College · Percentage: 94.06%

2019 – 2022

Secondary Education

St. Joseph High School · Percentage: 78.2%

2019
